INTERSTATE COMMERCE COMMISSION

PURCHASE ORDER ASSIGNMENT dated as of May 15, 1977, among SSI RAIL CORP. (hereinafter called the Assignor), FIRST SECURITY STATE BANK, not in its individual capacity but solely as Owner-Trustee (hereinafter called the Assignee), under a Trust Agreement dated as of the date hereof (hereinafter called the Trust Agreement), between the Assignee and PACIFIC SYSTEMS, INC. (hereinafter called the Owner), and each of FMC CORPORATION (hereinafter sometimes called FMC) and ACF INDUSTRIES, INCORPORATED (hereinafter sometimes called ACF) (FMC and ACF being hereinafter sometimes called collectively the Manufacturers and individually the Manufacturer).

WHEREAS the Assignor has entered into a certain letter agreement dated as of March 1, 1977 with FMC, and into a certain letter agreement dated as of February 15, 1977, with ACF (such letter agreements being hereinafter called collectively the Manufacturing Agreements and individually in respect of each Manufacturer its Manufacturing Agreement), pursuant to which FMC and ACF, respectively, have agreed to construct and deliver to the Assignor, and the Assignor has agreed to purchase and take delivery of, certain units of railroad equipment described in the Manufacturing Agreements (hereinafter called the Equipment);

WHEREAS the Assignee has entered into a Participation Agreement (hereinafter called the Participation Agreement) dated as of May 15, 1977, among the Assignor, the Assignee, the Owner, ITEL Corporation (hereinafter called ITEL), and the Purchasers named therein (hereinafter called the Purchasers);

WHEREAS the Assignee has entered into an Equipment Trust Agreement (hereinafter called the Equipment Trust Agreement) dated as of May 15, 1977, with First Security Bank of Utah, National Association, as Trustee (hereinafter called the Trustee);

WHEREAS the Assignor has entered into a Lease of Railroad Equipment (hereinafter called the Lease) dated as of May 15, 1977, with the Assignee; and

WHEREAS the Assignee desires to purchase and take delivery of those units of Equipment described in Item 1 of Schedule A hereto, as are delivered and accepted pursuant to the terms hereof on or prior to June 30, 1977 (such units being hereinafter called the Assigned Equipment and with respect to the Manufacturer listed opposite such units in Schedule A hereto its Assigned Equipment and such date being hereinafter called the Cutoff Date), and the Assignor agrees to assign its rights to purchase and take delivery of the Assigned Equipment to the Assignee;

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth, the parties hereto hereby agree as follows:

1. The Assignor hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Assignor in and to the Assigned Equipment; and

(b) all the right, title and interest of the Assignor in and to the Manufacturing Agreements, in so far as the Manufacturing Agreements relate to the Assigned Equipment;

provided, however, that the Assignor reserves its rights against each Manufacturer with respect to any warranties of such Manufacturer and any agreements of such Manufacturer to indemnify the Assignor against any losses.

2. The Assignee accepts the assignments herein contained, and assumes the obligations of the Assignor under the Manufacturing Agreements to purchase the Assigned Equipment and agrees to pay the Purchase Price (as hereinafter defined) of the Assigned Equipment as provided in the Equipment Trust Agreement, but the Assignee assumes no other duties or obligations of the Assignor under the Manufacturing Agreements whatsoever; provided, however, that the Assignor shall remain liable to each Manufacturer in respect of its duties and obligations (except as herein assumed by the Assignee) in accordance with the Manufacturing Agreement of such Manufacturer; provided, further, however, that neither Manufacturer shall deliver any unit of its Assigned Equipment hereunder subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of the Assigned Equipment delivered subsequent to,

receipt of a written notice from the Assignor, the Assignee, the Trustee, any Purchaser or the Owner notifying such Manufacturer of (i) the commencement of any proceedings specified in clause (d) or (e) of Section 5.01 of the Equipment Trust Agreement, (ii) the occurrence of any Event of Default as described in Section 5.01 of the Equipment Trust Agreement or § 10 of the Lease, or event which with lapse of time and/or demand, could constitute such Event of Default, (iii) the material falseness of any of the representations and warranties of the Assignor or ITEL made in Paragraph 3 of the Participation Agreement at and as of the time such representations and warranties were so made or (iv) the fact that any of the conditions contained in Paragraph 8 of the Participation Agreement have not been met or the conditions contained in Paragraph 9 of the Participation Agreement have not been met or waived. In addition, neither Manufacturer shall invoice any unit of its Assigned Equipment hereunder delivered subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of Assigned Equipment delivered subsequent to, (i) the time at which the aggregate Purchase Price of the Assigned Equipment of such Manufacturer delivered hereunder exceeds the maximum purchase price for the Equipment of such Manufacturer set forth in Item 2 of Schedule A hereto or (ii) the Cutoff Date. The Assignor affirms hereunder that it shall be solely obligated to purchase and pay for pursuant to the appropriate Manufacturing Agreement any unit of the Equipment which is excluded from this Assignment because (A) it is delivered after the Manufacturer of such unit shall have received any notice described in the second proviso to the first sentence of this Paragraph 2 or (B) such maximum purchase price is exceeded or (C) such unit is delivered after the Cutoff Date, but the Assignor shall have no obligation to the Manufacturer of such unit of Assigned Equipment to purchase, or make payment under the Manufacturing Agreement covering such unit of Assigned Equipment in respect of, any unit of Assigned Equipment which the Assignee is obligated to purchase hereunder. Each of the Manufacturers hereby consents to the terms of this Assignment and accepts all its duties hereunder, including, without limitation, its duties as to termination of deliveries. Each of the Manufacturers also agrees to the limitation of the obligations of the Assignee and the Trustee to purchase and pay for the Assigned Equipment of such Manufacturer as set forth in this Assignment and Article Three of the Equipment Trust Agreement.

The term Purchase Price as used herein means with respect to each unit of the Assigned Equipment the base price for such unit set forth in Item 1 of Schedule A hereto as increased or decreased by agreement between the Manufacturer of such unit of the Assigned Equipment and the Assignor, plus freight and storage charges, if any, and any applicable sales taxes, all as set forth in the invoice of the Manufacturer of such unit of Assigned Equipment for such unit, which invoice shall have endorsed thereon the certification of the Assignor as to the correctness of the price stated therein.

3. The Assignor represents and warrants that:

(a) the Manufacturing Agreements are in full force and effect and are enforceable in accordance with their respective terms, and neither the Manufacturer nor the Assignor is in default under either thereof;

(b) insofar as it relates to the Assigned Equipment, the Assignor is the lawful owner of its rights under each of the Manufacturing Agreements, free from all claims (other than any rights which any railroad company may have to lease such Assigned Equipment pursuant to a Sublease (as defined in the Lease) or any other sublease covering such Assigned Equipment permitted by the Lease), liens, security interests and encumbrances, and the Assignor has the right to sell and assign each of the Manufacturing Agreements as set forth herein and the Assignor will warrant and defend this Assignment against the lawful claims and demands of all persons; and

(c) none of the units of the Assigned Equipment has been delivered by either Manufacturer and no payment has been made in respect thereof to either Manufacturer.

4. The units of Assigned Equipment of each Manufacturer shall be settled for pursuant to the terms hereof on the closing date specified in Item 1 of Annex A hereto in respect of the units of Assigned Equipment of such Manufacturer or on such other later date or dates as shall be agreed to by such Manufacturer and the Assignee and as to which the Assignee and the Trustee shall have received five business days prior notice (each such date being hereinafter called a Closing Date) (the units of Equipment settled for on a Closing Date or the Second Closing Date (as hereinafter defined) being hereinafter called a Group); provided,

however, that if any Purchaser shall have failed to purchase on or prior to a Closing Date the aggregate principal amount of Trust Certificates (as defined in the Equipment Trust Agreement) to be purchased by such Purchaser on or prior to such Closing Date pursuant to the Participation Agreement (and such aggregate principal amount of Trust Certificates which was not purchased by such Purchaser shall not have been purchased on or prior to such Closing Date by another Purchaser or a purchaser satisfactory to the Trustee), then (a) on such Closing Date units of the Assigned Equipment in the Group to be settled for on such Closing Date having an aggregate Purchase Price equal to the quotient of (i) the amount of Deposited Cash (as defined in the Equipment Trust Agreement) held by the Trustee on such date divided by (ii) 71.27253% shall be settled for on such Closing Date and (b) the balance of such Group shall be settled for on a later date (herein called the Second Closing Date) not later than June 30, 1977, as may be designated by the Assignee and the Trustee to each Manufacturer of units of Assigned Equipment to be settled for on the Second Closing Date on not less than five business days' prior written notice.

5. With respect to Equipment settled for as Assigned Equipment pursuant to the terms hereof, on each Closing Date and the Second Closing Date the Assignee shall pay or cause to be paid out of the proceeds of the sale of Trust Certificates and funds received from the Owner, to each Manufacturer of units of Assigned Equipment in such Group then being settled for the Purchase Price of such units of such Manufacturer, provided that there shall have been delivered to the Assignee and the Trustee, on or prior to such Closing Date or the Second Closing Date, as the case may be, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to them:

(i) a certificate of an officer of such Manufacturer dated such Closing Date or the Second Closing Date, as the case may be, representing and warranting on behalf of such Manufacturer that (A) the Assigned Equipment described and specified therein by numbers has been delivered and accepted on or prior to such Closing Date or the Second Closing Date, as the case may be, and has been marked with the following legend:

"OWNED BY A BANK OR TRUST COMPANY UNDER A SECURITY AGREEMENT FILED UNDER THE INTERSTATE COMMERCE ACT, SECTION 20C"

or such other words as shall be approved by the Assignee and the Trustee and (B) such Assigned Equipment is new standard-gauge railroad equipment first put into service no earlier than the date of delivery and acceptance thereof by or on behalf of the Assignee;

(ii) a bill or bills of sale from such Manufacturer transferring all right, title and interest of such Manufacturer in and to such Assigned Equipment to the Assignee and the Trustee (the Trustee's interest being limited to security title under the Equipment Trust Agreement), warranting to the Trustee, the Owner, the Assignee and the Assignor that at the time of delivery of such Assigned Equipment to the Assignee, such Manufacturer had legal title to the Assigned Equipment described therein and good and lawful right to sell such Assigned Equipment and that title to such Assigned Equipment was, at the time of such delivery, free from all claims, liens, security interests and other encumbrances of any nature except as created by the Manufacturing Agreement covering such units of Assigned Equipment, the Equipment Trust Agreement and this Assignment and except for the rights of the Assignor under the Lease and the rights of the sublessee under any sublease covering such Assigned Equipment, and covenanting to defend the title to such Assigned Equipment against the demands of all persons whomsoever based on claims originating prior to the delivery of such Assigned Equipment by such Manufacturer under this Assignment;

(iii) an opinion of counsel for such Manufacturer to the effect that (A) such Manufacturer is a duly organized and existing corporation in good standing under the laws of the state of its incorporation, (B) this Assignment and the Manufacturing Agreement of such Manufacturer have been duly authorized, executed and delivered by such Manufacturer and, assuming the due authorization, execution and delivery by the other parties hereto and the other party thereto are legal and valid instruments binding upon and enforceable against such Manufacturer in accordance with their respective terms, (C) the units of Assigned Equipment of such Manufacturer in such Group then being settled for, at the time of delivery thereof, were free of all claims, liens, security interests and other encumbrances of any nature except as created by this Assignment and the Manufacturing Agreement covering such units, the

Equipment Trust Agreement, the Lease and any sublease covering such units and (D) such bill or bills of sale have been duly authorized, executed and delivered by such Manufacturer and are valid and effective to transfer all right, title and interest of such Manufacturer in and to such Assigned Equipment, free of all claims, liens, security interests or other encumbrances of any nature of or arising from, through or under such Manufacturer, to the Assignee, subject to the security title of the Trustee under the Equipment Trust Agreement;

(iv) an invoice or invoices with respect to the units of Assigned Equipment of such Manufacturer in such Group then being settled for from such Manufacturer to the Assignee describing the units of Assigned Equipment of such Manufacturer in such Group, having endorsed thereon the certification of the Assignor as to the correctness of the prices stated therein; and

(v) Certificates of Acceptance (as defined in the Lease) covering such Assigned Equipment.

Counsel may qualify its opinion specified above to the effect that any agreement is enforceable against such Manufacturer in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally.

6. No variation of modification of either Manufacturing Agreement, except as herein provided, and no waiver of any of its provisions or conditions shall be valid with respect to any unit of the Assigned Equipment unless in writing and signed by a duly authorized signatory for the Assignee.

7. The Assignee appoints the Assignor its agent to inspect and accept delivery of the units of Assigned Equipment.

8. It is expressly understood and agreed by and between the parties hereto, anything herein to the contrary notwithstanding, that each and all of the representations, undertakings and agreements herein made on the

part of the Assignee are each and every one of them made and intended not as personal representations, undertakings and agreements by the Assignee, or for the purpose or with the intention of binding the Assignee personally but are made and intended for the purpose of binding only the Trust Estate (as such term is defined in the Trust Agreement) and this Agreement is executed and delivered by the Assignee solely in the exercise of the powers expressly conferred upon the Assignee as Owner-Trustee under the Trust Agreement; and that no personal liability or personal responsibility is assumed by or shall at any time be asserted or enforceable against the Assignee (except as provided in Section 4.01 of the Trust Agreement) or on account of any representation, undertaking or agreement of the Assignee, as Assignee (except as provided in Section 4.01 of the Trust Agreement) either expressed or implied, all such personal liability, if any, being expressly waived and released by each Manufacturer and by all persons claiming by, through or under such Manufacturer; provided, however, that each Manufacturer or any person claiming by, through or under such Manufacturer making claim hereunder, may look to said Trust Estate for satisfaction of the same.

9. Each Manufacturer represents that it is not entering into this Agreement, or into any other transaction contemplated hereby, directly or indirectly in connection with any arrangement or understanding in any way involving any employee benefit plan (other than a governmental plan) with respect to which it, the Owner, any Purchaser, the Assignor or the Assignee in its individual capacity is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974.

10. This Assignment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Assignment is dated for convenience as of the date specified in the introductory paragraph of this Assignment, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed by their respective duly authorized officers, all as of the date first above written.

(hereinafter called the Assignor), FIRST SECURITY STATE BANK, not in its individual capacity but solely as Owner-Trustee (hereinafter called the Assignee), under a Trust Agreement dated as of the date hereof (hereinafter called the Trust Agreement), between the Assignee and PACIFIC SYSTEMS, INC. (hereinafter called the Owner), and each of FMC CORPORATION (hereinafter sometimes called FMC) and ACF INDUSTRIES, INCORPORATED (hereinafter sometimes called ACF) (FMC and ACF being hereinafter sometimes called collectively the Manufacturers and individually the Manufacturer).

WHEREAS the Assignor has entered into a certain letter agreement dated as of March 1, 1977 with FMC, and into a certain letter agreement dated as of February 15, 1977, with ACF (such letter agreements being hereinafter called collectively the Manufacturing Agreements and individually in respect of each Manufacturer its Manufacturing Agreement), pursuant to which FMC and ACF, respectively, have agreed to construct and deliver to the Assignor, and the Assignor has agreed to purchase and take delivery of, certain units of railroad equipment described in the Manufacturing Agreements (hereinafter called the Equipment);

WHEREAS the Assignee has entered into a Participation Agreement (hereinafter called the Participation Agreement) dated as of May 15, 1977, among the Assignor, the Assignee, the Owner, ITEL Corporation (hereinafter called ITEL), and the Purchasers named therein (hereinafter called the Purchasers);

WHEREAS the Assignor has entered into a Lease of Railroad Equipment (hereinafter called the Lease) dated as of May 15, 1977, with the Assignee; and

WHEREAS the Assignee desires to purchase and take delivery of those units of Equipment described in Item 1 of Schedule A hereto, as are delivered and accepted pursuant to the terms hereof on or prior to June 30, 1977 (such units being hereinafter called the Assigned Equipment and with respect to the Manufacturer listed opposite such units in Schedule A hereto its Assigned Equipment and such date being hereinafter called the Cutoff Date), and the Assignor agrees to assign its rights to purchase and take delivery of the Assigned Equipment to the Assignee;

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth, the parties hereto hereby agree as follows:

1. The Assignor hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Assignor in and to the Assigned Equipment; and

(b) all the right, title and interest of the Assignor in and to the Manufacturing Agreements, in so far as the Manufacturing Agreements relate to the Assigned Equipment;

provided, however, that the Assignor reserves its rights against each Manufacturer with respect to any warranties of such Manufacturer and any agreements of such Manufacturer to indemnify the Assignor against any losses.

2. The Assignee accepts the assignments herein contained, and assumes the obligations of the Assignor under the Manufacturing Agreements to purchase the Assigned Equipment and agrees to pay the Purchase Price (as hereinafter defined) of the Assigned Equipment as provided in the Equipment Trust Agreement, but the Assignee assumes no other duties or obligations of the Assignor under the Manufacturing Agreements whatsoever; provided, however, that the Assignor shall remain liable to each Manufacturer in respect of its duties and obligations (except as herein assumed by the Assignee) in accordance with the Manufacturing Agreement of such Manufacturer; provided, further, however, that neither Manufacturer shall deliver any unit of its Assigned Equipment hereunder subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of the Assigned Equipment delivered subsequent to,

receipt of a written notice from the Assignor, the Assignee, the Trustee, any Purchaser or the Owner notifying such Manufacturer of (i) the commencement of any proceedings specified in clause (d) or (e) of Section 5.01 of the Equipment Trust Agreement, (ii) the occurrence of any Event of Default as described in Section 5.01 of the Equipment Trust Agreement or § 10 of the Lease, or event which with lapse of time and/or demand, could constitute such Event of Default, (iii) the material falseness of any of the representations and warranties of the Assignor or ITEL made in Paragraph 3 of the Participation Agreement at and as of the time such representations and warranties were so made or (iv) the fact that any of the conditions contained in Paragraph 8 of the Participation Agreement have not been met or the conditions contained in Paragraph 9 of the Participation Agreement have not been met or waived. In addition, neither Manufacturer shall invoice any unit of its Assigned Equipment hereunder delivered subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of Assigned Equipment delivered subsequent to, (i) the time at which the aggregate Purchase Price of the Assigned Equipment of such Manufacturer delivered hereunder exceeds the maximum purchase price for the Equipment of such Manufacturer set forth in Item 2 of Schedule A hereto or (ii) the Cutoff Date. The Assignor affirms hereunder that it shall be solely obligated to purchase and pay for pursuant to the appropriate Manufacturing Agreement any unit of the Equipment which is excluded from this Assignment because (A) it is delivered after the Manufacturer of such unit shall have received any notice described in the second proviso to the first sentence of this Paragraph 2 or (B) such maximum purchase price is exceeded or (C) such unit is delivered after the Cutoff Date, but the Assignor shall have no obligation to the Manufacturer of such unit of Assigned Equipment to purchase, or make payment under the Manufacturing Agreement covering such unit of Assigned Equipment in respect of, any unit of Assigned Equipment which the Assignee is obligated to purchase hereunder. Each of the Manufacturers hereby consents to the terms of this Assignment and accepts all its duties hereunder, including, without limitation, its duties as to termination of deliveries. Each of the Manufacturers also agrees to the limitation of the obligations of the Assignee and the Trustee to purchase and pay for the Assigned Equipment of such Manufacturer as set forth in this Assignment and Article Three of the Equipment Trust Agreement.

The term Purchase Price as used herein means with respect to each unit of the Assigned Equipment the base price for such unit set forth in Item 1 of Schedule A hereto as increased or decreased by agreement between the Manufacturer of such unit of the Assigned Equipment and the Assignor, plus freight and storage charges, if any, and any applicable sales taxes, all as set forth in the invoice of the Manufacturer of such unit of Assigned Equipment for such unit, which invoice shall have endorsed thereon the certification of the Assignor as to the correctness of the price stated therein.

3. The Assignor represents and warrants that:

(a) the Manufacturing Agreements are in full force and effect and are enforceable in accordance with their respective terms, and neither the Manufacturer nor the Assignor is in default under either thereof;

(b) insofar as it relates to the Assigned Equipment, the Assignor is the lawful owner of its rights under each of the Manufacturing Agreements, free from all claims (other than any rights which any railroad company may have to lease such Assigned Equipment pursuant to a Sublease (as defined in the Lease) or any other sublease covering such Assigned Equipment permitted by the Lease), liens, security interests and encumbrances, and the Assignor has the right to sell and assign each of the Manufacturing Agreements as set forth herein and the Assignor will warrant and defend this Assignment against the lawful claims and demands of all persons; and

(c) none of the units of the Assigned Equipment has been delivered by either Manufacturer and no payment has been made in respect thereof to either Manufacturer.

4. The units of Assigned Equipment of each Manufacturer shall be settled for pursuant to the terms hereof on the closing date specified in Item 1 of Annex A hereto in respect of the units of Assigned Equipment of such Manufacturer or on such other later date or dates as shall be agreed to by such Manufacturer and the Assignee and as to which the Assignee and the Trustee shall have received five business days prior notice (each such date being hereinafter called a Closing Date) (the units of Equipment settled for on a Closing Date or the Second Closing Date (as hereinafter defined) being hereinafter called a Group); provided,

however, that if any Purchaser shall have failed to purchase on or prior to a Closing Date the aggregate principal amount of Trust Certificates (as defined in the Equipment Trust Agreement) to be purchased by such Purchaser on or prior to such Closing Date pursuant to the Participation Agreement (and such aggregate principal amount of Trust Certificates which was not purchased by such Purchaser shall not have been purchased on or prior to such Closing Date by another Purchaser or a purchaser satisfactory to the Trustee), then (a) on such Closing Date units of the Assigned Equipment in the Group to be settled for on such Closing Date having an aggregate Purchase Price equal to the quotient of (i) the amount of Deposited Cash (as defined in the Equipment Trust Agreement) held by the Trustee on such date divided by (ii) 71.27253% shall be settled for on such Closing Date and (b) the balance of such Group shall be settled for on a later date (herein called the Second Closing Date) not later than June 30, 1977, as may be designated by the Assignee and the Trustee to each Manufacturer of units of Assigned Equipment to be settled for on the Second Closing Date on not less than five business days' prior written notice.

5. With respect to Equipment settled for as Assigned Equipment pursuant to the terms hereof, on each Closing Date and the Second Closing Date the Assignee shall pay or cause to be paid out of the proceeds of the sale of Trust Certificates and funds received from the Owner, to each Manufacturer of units of Assigned Equipment in such Group then being settled for the Purchase Price of such units of such Manufacturer, provided that there shall have been delivered to the Assignee and the Trustee, on or prior to such Closing Date or the Second Closing Date, as the case may be, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to them:

(i) a certificate of an officer of such Manufacturer dated such Closing Date or the Second Closing Date, as the case may be, representing and warranting on behalf of such Manufacturer that (A) the Assigned Equipment described and specified therein by numbers has been delivered and accepted on or prior to such Closing Date or the Second Closing Date, as the case may be, and has been marked with the following legend:

"OWNED BY A BANK OR TRUST COMPANY UNDER A SECURITY AGREEMENT FILED UNDER THE INTERSTATE COMMERCE ACT, SECTION 20C"

or such other words as shall be approved by the Assignee and the Trustee and (B) such Assigned Equipment is new standard-gauge railroad equipment first put into service no earlier than the date of delivery and acceptance thereof by or on behalf of the Assignee;

(ii) a bill or bills of sale from such Manufacturer transferring all right, title and interest of such Manufacturer in and to such Assigned Equipment to the Assignee and the Trustee (the Trustee's interest being limited to security title under the Equipment Trust Agreement), warranting to the Trustee, the Owner, the Assignee and the Assignor that at the time of delivery of such Assigned Equipment to the Assignee, such Manufacturer had legal title to the Assigned Equipment described therein and good and lawful right to sell such Assigned Equipment and that title to such Assigned Equipment was, at the time of such delivery, free from all claims, liens, security interests and other encumbrances of any nature except as created by the Manufacturing Agreement covering such units of Assigned Equipment, the Equipment Trust Agreement and this Assignment and except for the rights of the Assignor under the Lease and the rights of the sublessee under any sublease covering such Assigned Equipment, and covenanting to defend the title to such Assigned Equipment against the demands of all persons whomsoever based on claims originating prior to the delivery of such Assigned Equipment by such Manufacturer under this Assignment;

(iii) an opinion of counsel for such Manufacturer to the effect that (A) such Manufacturer is a duly organized and existing corporation in good standing under the laws of the state of its incorporation, (B) this Assignment and the Manufacturing Agreement of such Manufacturer have been duly authorized, executed and delivered by such Manufacturer and, assuming the due authorization, execution and delivery by the other parties hereto and the other party thereto are legal and valid instruments binding upon and enforceable against such Manufacturer in accordance with their respective terms, (C) the units of Assigned Equipment of such Manufacturer in such Group then being settled for, at the time of delivery thereof, were free of all claims, liens, security interests and other encumbrances of any nature except as created by this Assignment and the Manufacturing Agreement covering such units, the

Equipment Trust Agreement, the Lease and any sublease covering such units and (D) such bill or bills of sale have been duly authorized, executed and delivered by such Manufacturer and are valid and effective to transfer all right, title and interest of such Manufacturer in and to such Assigned Equipment, free of all claims, liens, security interests or other encumbrances of any nature of or arising from, through or under such Manufacturer, to the Assignee, subject to the security title of the Trustee under the Equipment Trust Agreement;

(iv) an invoice or invoices with respect to the units of Assigned Equipment of such Manufacturer in such Group then being settled for from such Manufacturer to the Assignee describing the units of Assigned Equipment of such Manufacturer in such Group, having endorsed thereon the certification of the Assignor as to the correctness of the prices stated therein; and

(v) Certificates of Acceptance (as defined in the Lease) covering such Assigned Equipment.

Counsel may qualify its opinion specified above to the effect that any agreement is enforceable against such Manufacturer in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally.

6. No variation of modification of either Manufacturing Agreement, except as herein provided, and no waiver of any of its provisions or conditions shall be valid with respect to any unit of the Assigned Equipment unless in writing and signed by a duly authorized signatory for the Assignee.

7. The Assignee appoints the Assignor its agent to inspect and accept delivery of the units of Assigned Equipment.

8. It is expressly understood and agreed by and between the parties hereto, anything herein to the contrary notwithstanding, that each and all of the representations, undertakings and agreements herein made on the

part of the Assignee are each and every one of them made and intended not as personal representations, undertakings and agreements by the Assignee, or for the purpose or with the intention of binding the Assignee personally but are made and intended for the purpose of binding only the Trust Estate (as such term is defined in the Trust Agreement) and this Agreement is executed and delivered by the Assignee solely in the exercise of the powers expressly conferred upon the Assignee as Owner-Trustee under the Trust Agreement; and that no personal liability or personal responsibility is assumed by or shall at any time be asserted or enforceable against the Assignee (except as provided in Section 4.01 of the Trust Agreement) or on account of any representation, undertaking or agreement of the Assignee, as Assignee (except as provided in Section 4.01 of the Trust Agreement) either expressed or implied, all such personal liability, if any, being expressly waived and released by each Manufacturer and by all persons claiming by, through or under such Manufacturer; provided, however, that each Manufacturer or any person claiming by, through or under such Manufacturer making claim hereunder, may look to said Trust Estate for satisfaction of the same.

9. Each Manufacturer represents that it is not entering into this Agreement, or into any other transaction contemplated hereby, directly or indirectly in connection with any arrangement or understanding in any way involving any employee benefit plan (other than a governmental plan) with respect to which it, the Owner, any Purchaser, the Assignor or the Assignee in its individual capacity is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974.

10. This Assignment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Assignment is dated for convenience as of the date specified in the introductory paragraph of this Assignment, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed by their respective duly authorized officers, all as of the date first above written.

PURCHASE ORDER ASSIGNMENT dated as of May 15, 1977, among SSI RAIL CORP. (hereinafter called the Assignor), FIRST SECURITY STATE BANK, not in its individual capacity but solely as Owner-Trustee (hereinafter called the Assignee), under a Trust Agreement dated as of the date hereof (hereinafter called the Trust Agreement), between the Assignee and PACIFIC SYSTEMS, INC. (hereinafter called the Owner), and each of FMC CORPORATION (hereinafter sometimes called FMC) and ACF INDUSTRIES, INCORPORATED (hereinafter sometimes called ACF) (FMC and ACF being hereinafter sometimes called collectively the Manufacturers and individually the Manufacturer).

WHEREAS the Assignor has entered into a certain letter agreement dated as of March 1, 1977 with FMC, and into a certain letter agreement dated as of February 15, 1977, with ACF (such letter agreements being hereinafter called collectively the Manufacturing Agreements and individually in respect of each Manufacturer its Manufacturing Agreement), pursuant to which FMC and ACF, respectively, have agreed to construct and deliver to the Assignor, and the Assignor has agreed to purchase and take delivery of, certain units of railroad equipment described in the Manufacturing Agreements (hereinafter called the Equipment);

WHEREAS the Assignee has entered into a Participation Agreement (hereinafter called the Participation Agreement) dated as of May 15, 1977, among the Assignor, the Assignee, the Owner, ITEL Corporation (hereinafter called ITEL), and the Purchasers named therein (hereinafter called the Purchasers);

WHEREAS the Assignee has entered into an Equipment Trust Agreement (hereinafter called the Equipment Trust Agreement) dated as of May 15, 1977, with First Security Bank of Utah, National Association, as Trustee (hereinafter called the Trustee);

WHEREAS the Assignor has entered into a Lease of Railroad Equipment (hereinafter called the Lease) dated as of May 15, 1977, with the Assignee; and

WHEREAS the Assignee desires to purchase and take delivery of those units of Equipment described in Item 1 of Schedule A hereto, as are delivered and accepted pursuant to the terms hereof on or prior to June 30, 1977 (such units being hereinafter called the Assigned Equipment and with respect to the Manufacturer listed opposite such units in Schedule A hereto its Assigned Equipment and such date being hereinafter called the Cutoff Date), and the Assignor agrees to assign its rights to purchase and take delivery of the Assigned Equipment to the Assignee;

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth, the parties hereto hereby agree as follows:

1. The Assignor hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Assignor in and to the Assigned Equipment; and

(b) all the right, title and interest of the Assignor in and to the Manufacturing Agreements, in so far as the Manufacturing Agreements relate to the Assigned Equipment;

provided, however, that the Assignor reserves its rights against each Manufacturer with respect to any warranties of such Manufacturer and any agreements of such Manufacturer to indemnify the Assignor against any losses.

2. The Assignee accepts the assignments herein contained, and assumes the obligations of the Assignor under the Manufacturing Agreements to purchase the Assigned Equipment and agrees to pay the Purchase Price (as hereinafter defined) of the Assigned Equipment as provided in the Equipment Trust Agreement, but the Assignee assumes no other duties or obligations of the Assignor under the Manufacturing Agreements whatsoever; provided, however, that the Assignor shall remain liable to each Manufacturer in respect of its duties and obligations (except as herein assumed by the Assignee) in accordance with the Manufacturing Agreement of such Manufacturer; provided, further, however, that neither Manufacturer shall deliver any unit of its Assigned Equipment hereunder subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of the Assigned Equipment delivered subsequent to,

receipt of a written notice from the Assignor, the Assignee, the Trustee, any Purchaser or the Owner notifying such Manufacturer of (i) the commencement of any proceedings specified in clause (d) or (e) of Section 5.01 of the Equipment Trust Agreement, (ii) the occurrence of any Event of Default as described in Section 5.01 of the Equipment Trust Agreement or § 10 of the Lease, or event which with lapse of time and/or demand, could constitute such Event of Default, (iii) the material falseness of any of the representations and warranties of the Assignor or ITEL made in Paragraph 3 of the Participation Agreement at and as of the time such representations and warranties were so made or (iv) the fact that any of the conditions contained in Paragraph 8 of the Participation Agreement have not been met or the conditions contained in Paragraph 9 of the Participation Agreement have not been met or waived. In addition, neither Manufacturer shall invoice any unit of its Assigned Equipment hereunder delivered subsequent to, and the Assignee and the Trustee shall have no obligation to purchase and pay for any such unit of Assigned Equipment delivered subsequent to, (i) the time at which the aggregate Purchase Price of the Assigned Equipment of such Manufacturer delivered hereunder exceeds the maximum purchase price for the Equipment of such Manufacturer set forth in Item 2 of Schedule A hereto or (ii) the Cutoff Date. The Assignor affirms hereunder that it shall be solely obligated to purchase and pay for pursuant to the appropriate Manufacturing Agreement any unit of the Equipment which is excluded from this Assignment because (A) it is delivered after the Manufacturer of such unit shall have received any notice described in the second proviso to the first sentence of this Paragraph 2 or (B) such maximum purchase price is exceeded or (C) such unit is delivered after the Cutoff Date, but the Assignor shall have no obligation to the Manufacturer of such unit of Assigned Equipment to purchase, or make payment under the Manufacturing Agreement covering such unit of Assigned Equipment in respect of, any unit of Assigned Equipment which the Assignee is obligated to purchase hereunder. Each of the Manufacturers hereby consents to the terms of this Assignment and accepts all its duties hereunder, including, without limitation, its duties as to termination of deliveries. Each of the Manufacturers also agrees to the limitation of the obligations of the Assignee and the Trustee to purchase and pay for the Assigned Equipment of such Manufacturer as set forth in this Assignment and Article Three of the Equipment Trust Agreement.

The term Purchase Price as used herein means with respect to each unit of the Assigned Equipment the base price for such unit set forth in Item 1 of Schedule A hereto as increased or decreased by agreement between the Manufacturer of such unit of the Assigned Equipment and the Assignor, plus freight and storage charges, if any, and any applicable sales taxes, all as set forth in the invoice of the Manufacturer of such unit of Assigned Equipment for such unit, which invoice shall have endorsed thereon the certification of the Assignor as to the correctness of the price stated therein.

3. The Assignor represents and warrants that:

(a) the Manufacturing Agreements are in full force and effect and are enforceable in accordance with their respective terms, and neither the Manufacturer nor the Assignor is in default under either thereof;

(b) insofar as it relates to the Assigned Equipment, the Assignor is the lawful owner of its rights under each of the Manufacturing Agreements, free from all claims (other than any rights which any railroad company may have to lease such Assigned Equipment pursuant to a Sublease (as defined in the Lease) or any other sublease covering such Assigned Equipment permitted by the Lease), liens, security interests and encumbrances, and the Assignor has the right to sell and assign each of the Manufacturing Agreements as set forth herein and the Assignor will warrant and defend this Assignment against the lawful claims and demands of all persons; and

(c) none of the units of the Assigned Equipment has been delivered by either Manufacturer and no payment has been made in respect thereof to either Manufacturer.

4. The units of Assigned Equipment of each Manufacturer shall be settled for pursuant to the terms hereof on the closing date specified in Item 1 of Annex A hereto in respect of the units of Assigned Equipment of such Manufacturer or on such other later date or dates as shall be agreed to by such Manufacturer and the Assignee and as to which the Assignee and the Trustee shall have received five business days prior notice (each such date being hereinafter called a Closing Date) (the units of Equipment settled for on a Closing Date or the Second Closing Date (as hereinafter defined) being hereinafter called a Group); provided,

however, that if any Purchaser shall have failed to purchase on or prior to a Closing Date the aggregate principal amount of Trust Certificates (as defined in the Equipment Trust Agreement) to be purchased by such Purchaser on or prior to such Closing Date pursuant to the Participation Agreement (and such aggregate principal amount of Trust Certificates which was not purchased by such Purchaser shall not have been purchased on or prior to such Closing Date by another Purchaser or a purchaser satisfactory to the Trustee), then (a) on such Closing Date units of the Assigned Equipment in the Group to be settled for on such Closing Date having an aggregate Purchase Price equal to the quotient of (i) the amount of Deposited Cash (as defined in the Equipment Trust Agreement) held by the Trustee on such date divided by (ii) 71.27253% shall be settled for on such Closing Date and (b) the balance of such Group shall be settled for on a later date (herein called the Second Closing Date) not later than June 30, 1977, as may be designated by the Assignee and the Trustee to each Manufacturer of units of Assigned Equipment to be settled for on the Second Closing Date on not less than five business days' prior written notice.

5. With respect to Equipment settled for as Assigned Equipment pursuant to the terms hereof, on each Closing Date and the Second Closing Date the Assignee shall pay or cause to be paid out of the proceeds of the sale of Trust Certificates and funds received from the Owner, to each Manufacturer of units of Assigned Equipment in such Group then being settled for the Purchase Price of such units of such Manufacturer, provided that there shall have been delivered to the Assignee and the Trustee, on or prior to such Closing Date or the Second Closing Date, as the case may be, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to them:

(i) a certificate of an officer of such Manufacturer dated such Closing Date or the Second Closing Date, as the case may be, representing and warranting on behalf of such Manufacturer that (A) the Assigned Equipment described and specified therein by numbers has been delivered and accepted on or prior to such Closing Date or the Second Closing Date, as the case may be, and has been marked with the following legend:

"OWNED BY A BANK OR TRUST COMPANY UNDER A SECURITY AGREEMENT FILED UNDER THE INTERSTATE COMMERCE ACT, SECTION 20C"

or such other words as shall be approved by the Assignee and the Trustee and (B) such Assigned Equipment is new standard-gauge railroad equipment first put into service no earlier than the date of delivery and acceptance thereof by or on behalf of the Assignee;

(ii) a bill or bills of sale from such Manufacturer transferring all right, title and interest of such Manufacturer in and to such Assigned Equipment to the Assignee and the Trustee (the Trustee's interest being limited to security title under the Equipment Trust Agreement), warranting to the Trustee, the Owner, the Assignee and the Assignor that at the time of delivery of such Assigned Equipment to the Assignee, such Manufacturer had legal title to the Assigned Equipment described therein and good and lawful right to sell such Assigned Equipment and that title to such Assigned Equipment was, at the time of such delivery, free from all claims, liens, security interests and other encumbrances of any nature except as created by the Manufacturing Agreement covering such units of Assigned Equipment, the Equipment Trust Agreement and this Assignment and except for the rights of the Assignor under the Lease and the rights of the sublessee under any sublease covering such Assigned Equipment, and covenanting to defend the title to such Assigned Equipment against the demands of all persons whomsoever based on claims originating prior to the delivery of such Assigned Equipment by such Manufacturer under this Assignment;

(iii) an opinion of counsel for such Manufacturer to the effect that (A) such Manufacturer is a duly organized and existing corporation in good standing under the laws of the state of its incorporation, (B) this Assignment and the Manufacturing Agreement of such Manufacturer have been duly authorized, executed and delivered by such Manufacturer and, assuming the due authorization, execution and delivery by the other parties hereto and the other party thereto are legal and valid instruments binding upon and enforceable against such Manufacturer in accordance with their respective terms, (C) the units of Assigned Equipment of such Manufacturer in such Group then being settled for, at the time of delivery thereof, were free of all claims, liens, security interests and other encumbrances of any nature except as created by this Assignment and the Manufacturing Agreement covering such units, the

Equipment Trust Agreement, the Lease and any sublease covering such units and (D) such bill or bills of sale have been duly authorized, executed and delivered by such Manufacturer and are valid and effective to transfer all right, title and interest of such Manufacturer in and to such Assigned Equipment, free of all claims, liens, security interests or other encumbrances of any nature of or arising from, through or under such Manufacturer, to the Assignee, subject to the security title of the Trustee under the Equipment Trust Agreement;

(iv) an invoice or invoices with respect to the units of Assigned Equipment of such Manufacturer in such Group then being settled for from such Manufacturer to the Assignee describing the units of Assigned Equipment of such Manufacturer in such Group, having endorsed thereon the certification of the Assignor as to the correctness of the prices stated therein; and

(v) Certificates of Acceptance (as defined in the Lease) covering such Assigned Equipment.

Counsel may qualify its opinion specified above to the effect that any agreement is enforceable against such Manufacturer in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally.

6. No variation of modification of either Manufacturing Agreement, except as herein provided, and no waiver of any of its provisions or conditions shall be valid with respect to any unit of the Assigned Equipment unless in writing and signed by a duly authorized signatory for the Assignee.

7. The Assignee appoints the Assignor its agent to inspect and accept delivery of the units of Assigned Equipment.

8. It is expressly understood and agreed by and between the parties hereto, anything herein to the contrary notwithstanding, that each and all of the representations, undertakings and agreements herein made on the

part of the Assignee are each and every one of them made and intended not as personal representations, undertakings and agreements by the Assignee, or for the purpose or with the intention of binding the Assignee personally but are made and intended for the purpose of binding only the Trust Estate (as such term is defined in the Trust Agreement) and this Agreement is executed and delivered by the Assignee solely in the exercise of the powers expressly conferred upon the Assignee as Owner-Trustee under the Trust Agreement; and that no personal liability or personal responsibility is assumed by or shall at any time be asserted or enforceable against the Assignee (except as provided in Section 4.01 of the Trust Agreement) or on account of any representation, undertaking or agreement of the Assignee, as Assignee (except as provided in Section 4.01 of the Trust Agreement) either expressed or implied, all such personal liability, if any, being expressly waived and released by each Manufacturer and by all persons claiming by, through or under such Manufacturer; provided, however, that each Manufacturer or any person claiming by, through or under such Manufacturer making claim hereunder, may look to said Trust Estate for satisfaction of the same.

9. Each Manufacturer represents that it is not entering into this Agreement, or into any other transaction contemplated hereby, directly or indirectly in connection with any arrangement or understanding in any way involving any employee benefit plan (other than a governmental plan) with respect to which it, the Owner, any Purchaser, the Assignor or the Assignee in its individual capacity is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974.

10. This Assignment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Assignment is dated for convenience as of the date specified in the introductory paragraph of this Assignment, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed by their respective duly authorized officers, all as of the date first above written.
